Jakson Group's Sameer Gupta Elected as Chairman CII National Committee for Renewable Energy Manufacturing

Sameer Gupta, Chairman and Managing Director of Jakson Group has been elected as the Chairman of CII National Committee of Aatmanirbhar Bharat for Renewable Energy (RE) Manufacturing for the year 2022-2023.

May 20, 2022. By News Bureau

Sameer Gupta, Chairman and Managing Director of Jakson Group has been elected as the Chairman of CII National Committee of Aatmanirbhar Bharat for Renewable Energy (RE) Manufacturing for the year 2022-2023.

A second-generation entrepreneur, Sameer Gupta joined Jakson in the year 1991 and led its transformation from a genset manufacturing company to India's prominent energy & infrastructure company, having expertise in distributed energy, solar solutions, EPC solutions & new energies like battery energy, hybrids & hydrogen solutions. Sameer is a graduate in electronics engineering from Pune University and an alumni of Harvard Business School.

Gupta's election as Chairman demonstrates his conviction towards making India Aatmanirbhar.

He is committed to the nation's ambitious target to achieve 500 GW of renewable energy installed capacity by 2030 and to creating outcomes that drive sustainable business while strengthening the environment and building livelihoods. Time and again, his leadership decisions echoed his commitment

to the country's mission of mitigating climate change.

Commenting on his appointment, Sameer Gupta, Chairman and Managing Director, Jakson Group said, "It is a great honour and pride to be elected as Chairman of CII National Committee of Aatmanirbhar Bharat for RE Manufacturing. We, at Jakson Group, believe that the dangers of climate change are mounting rapidly and organizations that do not tread the path of decarbonization will get left behind. While nations worldwide are making efforts, businesses and citizens also need to act and work towards making a significant impact in reducing GHG emissions. With this new responsibility, I feel inspired and further motivated to strive harder towards the net-zero goal. I would like to thank everyone for your wishes and hope to meet or exceed the expectations of all stakeholders."

Currently, Sameer Gupta is Chairman & Managing Director of Jakson Group, a 75-year-old energy company that has a presence in India, SAARC, the Middle East, and African countries.
