Jakson Group, a leading provider of green hydrogen and energy storage solutions, announced the formation of Jakson Green Pvt. Ltd. (JGPL).

Jakson Green Pvt. Ltd. will concentrate on Green Hydrogen & Ammonia, Waste to Energy, Electrolysers & Fuel Cells, Utility-scale Battery Energy Storage Systems (BESS), Solar, and related Operation & Maintenance services for all of these business lines.

This new initiative exemplifies the Company's expanding scope and commitment to sustainable growth in the renewable energy industry.

The Jakson Group has reached an agreement with a top fuel cell manufacturer in the United

States in order to pursue hydrogen projects in India.

Commenting on these developments, Jakson Group's Chairman, **Sameer Gupta**, said "We at Jakson Group feel delighted and excited about this new venture and are confident that it will scale great heights under its able leadership. This reflects Jakson Green's commitment to sustainability and we are happy to be part of the vision of our Hon'ble Prime Minister to make India carbon neutral by 2070."
