India, March 21 -- Rail Vikas Nigam (RVNL) has signed Memorandum of Understanding (MoU) with Jakson Green for Clean Energy EPC Projects Globally. The partnership aims at enabling India's Decarbonizing push and shall bring in synergy in designing, executing and delivering EPC projects globally by both partners. RVNL being an Infrastructure Giant and Jakson being into the renewable energy shall cater to the need for Giga Scale EPC clean energy projects in MENA, CIS and APAC Countries.

Rail Vikas Nigam is in the business of executing all types of railway projects including new lines, doubling, gauge conversion, railway electrification, metro projects, workshops, major bridges, construction of cable stayed bridges, institution buildings etc....
