Jakson in distribution pact with UAEs Al Naboodah Electrics

PTI
February 5, 2018 UPDATED 14:51 IST

New Delhi, Feb 5 (PTI) Energy and engineering solutions firm Jakson Group today announced a strategic partnership with the UAEs Al Naboodah Electrics for the distribution of its solar products in the West Asian market.

Al Naboodah Electrics is a part of UAE's conglomerate Al Naboodah Group Enterprises (ANGE).

The solar business is one of the fastest growing verticals for Jakson and has presence across the value chain, Jakson Group said in a statement.

Its product portfolio includes solar modules, module mounting structures, solar power packs, solar water ROs, solar generators, solar street lights and solar water pumps amongst others.

The company said with this partnership, Jakson and Al Naboodah Electrics will look to capitalise on the UAE government's energy plan, which aims to increase clean energy use by 50 per cent by 2050 with solar based power playing a crucial role.

Besides the UAE, Jakson has operations in Bangladesh, Nepal, Singapore and several countries in Africa. PTI KKS MR
