Competencies with 78+ Years of Legacy

Our Energy and Infra Spectrum

> Distributed Energy

- ◆ Generator Sets
- ◆ Solar Rooftop
- ◆ Hybrid & Energy Storage
- ◆ Energy Solutions for Defence

> Infra

- ◆ Power Transmission
- ◆ Power Distribution
- ◆ Metro Electrification
- ◆ Water Infra
- ◆ Civil Infra

> Solar Modules & Cells

- ◆ Solar PV Module
- ◆ Solar Cell

> Biofuels

- ◆ Ethanol
- ◆ Compressed Biogas

> Green Energy & Renewables

- ◆ Utility Scale Solar-Storage
- ◆ Utility Scale Hybrids
- ◆ Green Hydrogen & Ammonia
- ◆ Electrolysers and Fuel Cells
- ◆ New Energy Themes

Defining Our Path at Jakson Infra

Our Vision Statement

As the world progresses rapidly, it is essential to enable our communities. Our aim is to provide cutting edge technology and expertise to empower these communities across the country.

Sustainability lies in the heart of all our operations and we strive to create a lasting impact that will be passed down to generations. We service an array of sectors including civil, transport, water distribution and power.

Our Mission Statement

We assist our clients by providing them with state-of-the-art engineering, procurement and construction services. Time is always of the essence and we adhere to tight timelines. Apart from this, we assist clients in the maintenance of their assets through our bespoke O&M division.

We possess strong execution capabilities and keep abreast with the latest technology in a rapidly evolving world.

We stand by our core values

Integrity

- ◆ Always keep commitments made to stakeholders.
- ◆ Follow the policies and guidelines of the organisation.

Care

- ◆ Shows respect and empathy without compromising organisation's objectives.
- ◆ Be committed to the well-being of all stakeholders including the planet and organisation.

Collaboration

- ◆ Work closely and co-operatively with stakeholders to achieve the organisation's goals.
- ◆ Build trust and mutual respect fostering collective success.

Entrepreneurship

- ◆ Complete ownership and accountability of actions, decisions and outcomes.
- ◆ Strong sense of affiliation and connection with colleagues and organisation.

Excellence

- ◆ Commitment to delivering exceptional outcomes.
- ◆ Constantly raising the bar through continuous improvement and innovation.

Jakson Infra Story

Jakson Infra was established to transform lives and empower communities for a sustainable future

We specialise in **Turnkey EPC solutions**, delivering projects that create enduring legacies

Our **Substations and Transmission Lines** power homes and industries with precision

Through advanced **Power Distribution**, we stabilise networks ensuring reliable performance

From **Metro Electrification** to Mechanical Works, we power seamless urban transit solutions

At Jakson Infra, we build more than structures; we shape dreams and **Empower Lives**

As a **People-Driven Organisation**, our strength is in our passionate, dedicated team

From hospitals to business parks, our **Civil Infra** projects inspire progress and enrich communities

Our **Water Infra** systems preserve vital resources for future generations

Milestones & Growth

Jakson Infra's Journey

- 2013**
- ◆ Expanded footprint in Private Segment: Building Electrification, Data Centres

- 2014**
- ◆ Initiated Rural & Urban Electrification in Uttar Pradesh
 - ◆ Commenced E&M works for Metro

- 2015**
- ◆ Diversified into Civil Infrastructure – Hospitals

- 2016**
- ◆ Ventured into Power Transmission EHV Segment
 - ◆ Extended capabilities in Industrial Electrification – Oil & Gas

- 2010**
- ◆ Entered into Industrial Electrification – BALCO

- 2019**
- ◆ Marked entry into EHV GIS Substations

- 2020**
- ◆ Broadened scope to include Transmission & Distribution – International (South Asia)
 - ◆ Launched operations in Civil Roads & Highways

- 2022**
- ◆ Entered into Water Infrastructure via Jal Jeevan Mission - Uttar Pradesh

- 2024**
- ◆ Bagged Prestigious Civil Hospital & Medical College Project - Nandurbar, Maharashtra
 - ◆ Achieved milestone in Voltage Level – Up to 765 kV

- 2025**
- ◆ 220 kV GIS Substations
 - ◆ Established African market presence via Rwanda power distribution project

- Future Projects:**
- ◆ Expanding International presence (Africa, Middle-East, etc.)
 - ◆ Metro - PST, TVS & ECS
 - ◆ Civil – Airport & Data Center
 - ◆ Railway Station Redevelopment

Power Transmission

AIS Substations
up to 765 kV

GIS & Hybrid Substations
up to 765 kV

Transmission Lines
up to 765 kV

Power Transmission Completed Projects

220 kV Transmission Line and Grid Substation Projects in Jharkhand, India

Client: Jharkhand Urja Sancharan Nigam Limited

Scope:

- ◆ Design, engineering, supply, erection, testing, and commissioning of a 220 kV Double Circuit Transmission Line (74 KMS) from Jasidih to Dumka.
- ◆ Design, engineering, material and equipment supply, testing, and commissioning of the following grid substations: 220/132/33 kV Grid Substation at Godda & Garhwa.
- ◆ 220/132 kV Grid Substation at Godda & Garhwa.

132/33 kV Substations at Agra and Badaun, Uttar Pradesh, India

Client: Jakson Power Private Limited & Talettutayi Solar Project Pvt. Ltd.

Scope:

- ◆ 132/33 kV substations with 52/55.5 MVA and 52/57.5 MVA transformers.
- ◆ 7 km 132 kV double circuit transmission line.
- ◆ Part of 67 MWp and 75 MWp Solar PV power plants.

Power Transmission Completed Projects

132/33/11 kV and 33/11 kV Hybrid GIS Substations at Greater Noida, India

Client: OPPO Mobiles India Private Limited

Scope:

- ◆ 132/33/11 kV Hybrid GIS Substation
- ◆ 33 kV Substation (2 x 20 MVA).

132 kV Substations and 132 kV Loharpatti Dhalkebar TL, Nepal

Client: Nepal Electricity Authority (NEA)

Scope:

- ◆ Design, engineering, supply, erection, testing & commissioning of:
- ◆ 1st 132/33 kV substation.
- ◆ 2nd 132/11 kV substation.
- ◆ 21 km of 132 kV Transmission Line

161/33 kV Substation at Blitta, Togo (West Africa)

Client: AMEA Technical Services Limited

Scope:

- ◆ 161/33 kV substation with 3 x 22 MVA transformers.
- ◆ 161 kV LILO transmission line.
- ◆ Part of 50 MWp Solar PV power plant.

Power Transmission Completed Projects

110/11 kV Substation at Koppal,
Karnataka, India

Client: Talettutayi Solar Projects
Private Limited

Scope:

- ◆ 110/11 kV substation with 17.5/22 MVA transformers.
- ◆ 2 km 110 kV transmission line.
- ◆ Part of 27 MWp Solar PV power plant.

230/33 kV Substation at Thoothukudi
District, Tamil Nadu, India

Client: GRT Jewellers (India) Private Limited

Scope:

- ◆ 230/33 kV substation with 2 x 75/80 MVA transformers.
- ◆ 6 km 230 kV transmission line.
- ◆ Part of 210 MWp Solar PV power plant.

Power Transmission Completed Projects

High-Performance Substations with Transmission Lines

132/33 kV Grid Substation at Gonda, Uttar Pradesh, India

Client: Uttar Pradesh Power Transmission Corporation Limited (UPPTCL)

Scope:

- ◆ Design, engineering, supply, erection, testing & commissioning of 132/33 kV substation with 2x40 MVA transformers.

220/33 kV Substation at Amguri, Assam, India

Client: Assam Electricity Grid Corporation Limited

Scope:

- ◆ 220/33 kV substation with 2 x 50 MVA transformers.
- ◆ Part of 92 MWp Solar PV power plant.

Power Transmission Under Construction Projects

220/132 kV GIS Substation with 2x160 MVA Transformers at Rowta, Assam, India

Client: Assam Electricity Grid Corporation Limited

Scope:

Design, supply, erection, testing & commissioning of a 220/132kV GIS substation at Rowta, Assam.

Includes 2x160 MVA transformers, associated 220kV transmission lines, and provision for future expansion.

765kV / 400/ 220 kV Substation Bays at Kurnool III, Andhra Pradesh, India

Client: Power Grid Corporation Limited (PGCIL)

Scope:

◆ Design, engineering, supply, erection, testing & commissioning of substation bays

◆ 765kV-17 nos bays, 400kV -21 nos bays

◆ Under Execution

765/400/220 kV Switchyard at Bhadla-III Power Station, Rajasthan, India

Client: Power Grid Corporation of India (PGCIL)

Scope:

765kV AIS Switchyard with 4 Nos bays.

400kV AIS Switchyard with 6 Nos of bays

220kV Switchyard with Double Main and Transfer Scheme: ICT bays, sectionaliser, bus coupler & transfer bus coupler.

Power Transmission Under Construction Projects

400/33 kV Substation at Bikaner & Fatehgarh, Rajasthan

Client: NTPC Renewable Energy Ltd. (NTPCREL)

Scope:

400/33 KV AIS Substations with associated Transmission Line.

400 kV- 14 Nos

33kV- 32 Nos

400 KV TL: 5 Kms

Under Execution

400kV Substation Bays at Bhadla & Fatehgarh, Rajasthan

Client: Power Grid Corporation of India Ltd (PGCIL)

Scope:

400 kV- 6 bays with Circuit Breakers & other electrical equipment's

Power Distribution

Construction of MV (up to 33 kV),
LT Overhead Lines & Underground Cabling

Distribution Substations
(33/11 kV and below)

Pole & Ground Mounted
Distribution Transformers

Power Distribution Completed Projects

Strengthening Distribution Infrastructure in Tirupati & Vizag , Andhra Pradesh, India

Client: Southern Power Distribution Company of AP Limited (APSPDCL) & Eastern Power Distribution Company of A.P. Limited (APEPDCL)

Scope:
Replacement of the existing 33 KV/11 KV/LT Overhead Power Distribution Network with an Underground Power Cable Network, providing Compact Substations on a turnkey basis in Tirupati and Visakhapatnam cities.

Underground Cabling Works in Maharajganj & Kushinagar, Uttar Pradesh, India

Client: Purvanchal Vidyut Vitran Nigam Ltd. (PUVVNL)

Scope:
Rural electrification work in Maharajganj District, Uttar Pradesh.

Power Distribution

Completed Projects

**Underground Cabling Works in Rampur,
Uttar Pradesh, India**

Client: Paschimanchal Vidyut Vitran
Nigam Ltd (PVVNL)

Scope:

Construction of new 11 KV feeders.

Conversion of existing overhead LT lines
to underground cable network.

Installation of distribution transformers for
network improvement.

**Rural Electrification Projects in Darbhanga
and Muzaffarpur, Bihar, India**

Client: North Bihar Power Distribution
Company Ltd. (NBPDC)

Scope:

Re-Conductoring / Re-Strengthening
of Existing HT & LT Lines of Darbhanga.

33/11 KV Grid Substations, 33 KV, 11 KV Lines,
LT Lines, 11/0.433 KV Distribution Transformer
Substations, LT Service Connection under
DDUGJY scheme.

Power Distribution Nearing Completion Projects

Strengthening Distribution Infrastructure in Jhunjhunu, Rajasthan, India

Client: Ajmer Vidyut Vitran Nigam Limited

Scope:

- Segregation of 11kV agricultural feeders
- Addition of HT lines including bifurcation of 11kV feeders.
- HVDS.
- Replacement of old frayed conductors
- Provision of AB cable.
- 1-Phase and 3-Phase Armoured service line
- cabling work.
- Electric vehicle charging station.

Strengthening the RDSS Power Distribution System in Prayagraj, Uttar Pradesh, India

Client: Purvanchal Vidyut Vitran Nigam Ltd. (PUVVNL)

Scope:

- Targeted upgrades to enhance the distribution system.
- Replacement of old service cables and damaged conductors with AB cables.
- Segregation of 11 kV feeders and reconductoring of 11 kV and 33 kV lines.
- Installation of DT capacitors to improve voltage regulation and power factor.

Modernization of West Bengal's Power Network

Client: West Bengal State Electricity Transmission Company Limited (WBSEDCL)

Scope:

- 11 KV Feeder Bifurcation
- Conversion of LT bare conductor to LT AB Cable

Power Distribution Under Construction Projects

Strengthening Distribution Infrastructure in Solapur, Chatrapati Sambhajinagar & Nanded, Maharashtra, India

Client: Maharashtra State Electricity Distribution Company Limited (MSEDCL)

Scope:
Development of Distribution Infrastructure under the MSKVY 2.0 Scheme.

Construction of new substations/ augmentation & capacity enhancement

Overall modernisation of the infrastructure.

Strengthening Distribution Infrastructure in Baramati & Manchar, Maharashtra, India

Client: Maharashtra State Electricity Distribution Company Limited (MSEDCL)

Scope:
Development of Distribution Infrastructure under the RDSS Scheme.

Addition of new transformers.

Expansion of the power grid.

Overall modernisation of the infrastructure.

Metro Electrification

Traction substation construction
and Overhead Electrification

Power back solutions
(DG sets & UPS)

Ventilation and Air
Conditioning system

Medium voltage
and Low voltage works

Fire Fighting, FAS and
Suppression system

EOT cranes and
heavy lifting solution

Metro Electrification Completed Projects

**Kochi Metro Project,
Kerala, India**

Client: DMRC Limited

Scope:

- ◆ EPC for DG Sets, Electrical Panels, & Lighting Systems.
- ◆ Installation of EOT Cranes, Firefighting, Plumbing, and HVAC Systems.
- ◆ Covers 16 metro stations and 1 depot.

**Mumbai Metro Project,
Maharashtra, India**

Client: Mumbai Metropolitan Region Development Authority

Scope:

- ◆ Design Verification, Supply, Installation, Testing & Commissioning of E&M Systems.
- ◆ Includes Fire Detection & Suppression Systems, DG Sets, Compressor, and EOT Cranes for Depot (Mandale) on LINE-2B.

**Overhead Railway Electrification
under CORE Project**

Client: CORE Headquarters, Indian Railway

Scope:

- ◆ Overhead Electrification work in the Ahmedabad Division of Western Railway in Gujarat covering 180 route km / 446 track km.
- ◆ Includes 66/25 kV Traction Substations (TSS) and 25 kV Sub-sectioning and Paralleling Posts (SSP).

Metro Electrification

Completed Projects

**Bengaluru Metro Project,
Karnataka, India**

Client: Bengaluru Metro Rail Corporation

Scope:

- ◆ Design, Supply, Installation, Testing & Commissioning of Fire Detection & Suppression Systems, DG Sets, and Lift covering 2 depots.
- ◆ Design, Supply, Installation, Testing & Commissioning of E&M Systems, Building Management Systems (BMS), and DG Sets for 32 elevated stations.

**Kolkata Metro Project,
West Bengal, India**

Client: Rail Vikas Nigam Limited

Scope:

- ◆ Design, Supply, Installation, Testing and Commissioning of E&M Systems.
- ◆ Fire Detection & Suppression Systems, DG Sets.
- ◆ Involves 15 elevated stations.

**Mumbai Metro Project,
Maharashtra, India**

Client: Mumbai Metropolitan Region Development Authority (MMRDA)

Scope:

- ◆ Design, Supply, Installation, Testing & Commissioning of E&M Systems.
- ◆ Fire Detection & Suppression Systems, DG Sets.
- ◆ Includes Dahisar elevated corridor with 17 stations and a rolling stock depot.

Metro Electrification

Under Construction Projects

Chennai Metro Project,
Tamil Nadu , India

Client: Chennai Metro Rail Limited

Scope:

E&M WORKS

Covers 6 underground metro stations and 10 Elevated stations.

Kolkata Metro Project,
West Bengal , India

Client: Rail Vikas Nigam Limited

Scope:

Design, Supply, Erection, Testing & Commissioning of Electrical and Mechanical works for 4 stations including tunnels

Chennai Metro Project,
Tamil Nadu , India

Client: Chennai Metro Rail Limited

Scope:

Supply, Installation, Testing, Commissioning and Training of Electrical, Plumbing and Fire Protection works for 8 Underground Stations

Civil Infra

Industrial, Hospital,
Office Complex

Turnkey MEP Works

Civil Infra

Key Projects

Knowledge Boulevard, Acropolis
IT Park at Noida, Uttar Pradesh

Client: Emirates Technologies Ltd

Project: Construction of Knowledge
Boulevard IT Park.

Scope:

- ◆ Complete Civil Works and Substation
- ◆ Internal & External Lighting, DG Sets, and Fire Fighting.
- ◆ Plumbing, Lift, Internal Electrification, and Water System.

UPRNNL - Healthcare Institute at
BRD Medical College Gorakhpur,
Uttar Pradesh

Client: Uttar Pradesh Rajkiya Nirman
Nigam Limited

Project: Construction of 500 Bedded
Child Health Institute at
BRD Medical College, Gorakhpur.

Built-up Area: 6.13 lakh sq.ft.

Scope:

- ◆ Civil & Structural Works.
- ◆ Internal & External Electrification, HVAC, and Fire Fighting.
- ◆ Plumbing & Sanitary Works, Lift & DG Sets.

Civil Infra- Under Construction

**HITES - 500 Bedded Hospital & 100 Seats
Govt. Medical College at Nandurbar,
Maharashtra (Ongoing)**

Client: HLL Infra Tech Services (HITES)

Project: Construction of 100 Seats
Government Medical College, 500 Bedded
Hospital, and Allied Buildings.

Built-up Area: 11.54 lakh sq.ft.

Scope:
Civil & Structural Works.

Jal Jeevan Mission

Clean Water. Every Home. Every Village.

The **Jal Jeevan Mission (JJM)** is a transformative initiative by the Government of India to ensure safe and adequate drinking water through individual tap connections in every rural household. Beyond access, the mission focuses on sustainability through greywater management, water conservation, and rainwater harvesting.

Jakson Infra is proud to contribute to this national mission, advancing water supply projects across villages and making clean water a reality for every household.

Water Infra

Our Major Milestone Achieved Under The Jal Jeevan Mission

Client: **State Water & Sanitation Mission (SWSM) Uttar Pradesh**

Scope:

Implementation of rural water supply projects including tube well/intake well, WTP, rising/ pressure mains, CWRs, overhead tanks, distribution pipe networks, individual house connections, public stand posts, retrofitting, etc.

Impact: By 2025, the project will provide clean water to over **200,000** people, enhancing rural life quality.

Our Network of Trust with Prominent Clients & Partnerships

Key Clients

We have earned the trust of esteemed
clients across various sectors

Safety at Jakson

Protecting our people, today and always

Safeguarding our workforce through comprehensive safety training and proactive measures, ensuring their well-being in every aspect of work.

Where Safety Is Our Priority

CAPA-Physical Training

Comprehensive CAPA training is provided to all staff, ensuring systematic and measurable implementation

Revised MS and HIRA

Updated Method Statements and conducted thorough Hazard Identification and Risk Assessments enhancing overall HSE compliance

Permit System for WAH and Electrical Shutdown

Introduced a strict permit system for working at heights and electrical shutdowns

Toolbox Talks & LMRA

Daily Toolbox Talks and LMRA conducted before activities, totaling 29,808 sessions

Proper Use of Safety Equipment

Delivered hands-on training to ensure the correct use of PPE (personal protective equipment)

Behaviour-Based Safety

Implemented practical demonstrations and role-playing to promote safe behaviours

8,28,760

Safe Man Hours & counting

Quality at Jakson

Setting benchmarks with quality at the core

Building a Quality-First Culture where excellence is non-negotiable, customer satisfaction is paramount, and continual improvement drives sustainable success.

Where Safety Is Our Priority

01

Standardized Quality Processes and Procedures

Implementing industry-benchmark quality processes to ensure the highest standards and customer satisfaction.

03

Quality Culture Drive

Quality is embedded at all levels from leadership to site supervisors ensuring a culture of excellence.

05

Partner Quality Management

Ensuring the right partners and suppliers through our Partner Quality Management Program to maintain superior product and project standards.

02

Sigma Rules for Critical Quality Parameters

Enforcing mandatory Sigma Rules through a Quality Handbook to drive First-Time-Right Quality.

04

Enhanced Quality Training and Digitalised Quality MIS

Quality training ensures First-Time-Right execution Digitalized MIS enables real-time reporting & seamless implementation.

06

NCR Management and Continual Improvement

Robust NCR management enables detailed analysis, effective remedial actions, and continuous quality enhancement.

Why Choose Us?

Specialised Expertise

A dedicated team of experts with unmatched experience in EPC, power, and civil infrastructure, ensuring every project is executed with precision and care

Innovation Through Technology

Harnessing cutting-edge digital tools to optimise performance and streamline project management, ensuring efficiency at every stage

Commitment to Sustainability

Every project aligns with global environmental goals, ensuring sustainable, future-ready infrastructure

Proven Track Record

A portfolio of successful, on-time projects that exceed client expectations, backed by years of industry leadership

Client-focused Solutions

Customised services that adapt to unique client needs, ensuring flexibility and top-tier delivery

Join Us on Our Journey to Transform Infrastructure

Delivering efficient solutions tailored to your needs

At Jakson Infra, we go beyond building infrastructure; we're committed to creating a sustainable future that empowers communities worldwide.

Partner with us and be a part of this transformative journey
